1 of 1 review helpful Entertainment tonight and in the morning By Jon M Smiley I m from the area so I love the stories The tales are a bit tall but everything is bigger in Texas The packaging of the book was a complete joke A giant box for a book It also came all bent and messed up I don t care since it will be a bathroom book at the ranch but if I were a collector I d be a bit peeved These are hunting stories about a time in Texas when the ranches were big and rough and the men that hunted on them were the same There were few roads and no deer stands Wild game feeders and high fences did not exist No one knew what a jeep was until after the Great War and no one ever heard of a

hunting lease You walked all day with nothing to eat and drank water out of the creek if there was one You sat on the damp ground or crawled up in the tree and hung your
