Fishing and Dogs and Guns and Such:

2 of 2 review helpful Great Book from a Great Writer By Kevin Carter If you are a sportsman you must read Hill
Country by Gene Hill I grew up reading Gene Hill s writing in Field and Stream I now must read at least one of his
wonderful short stories each day I hope many of the younger sportsman will discover Hills writing and learn to
appreciate his wonderful way of expressing just what we all feel as true sportsmen Hun From dust jacket notes Some
of Gene Hill s stories are nostalgic recalling a farm boyhood and such memories as cutting one s own Christmas tree
and sledding it home or landing a trout from the swimming hole up the brook Other articles offer fresh insights into
the human spirit the nature of true sportsmanship or the inspiring experience of hunting in high mountain country Still

others are gently humorous as Gene Hill discusses such things as Texas chili cooking
