0 of 0 review helpful The Whole Truth By paul ashby I was not disappointed The book is just an extention of his first The Truth I laughed out loud multiple times through out the read He gives such good pointers and unique observations that are specific to Turkey hunting Another enjoyable read full of humor insight and experience This one comes highly recommended from me to all Turkey hunters of any level Enjo From bears to Bubbas and all points between this second installment of stories from master turkey hunter and storyteller Ronnie Strickland is surely the next best thing to hearing them told around the campfire Cuz s second helping of Southern fried stories is guaranteed to entertain anyone who s spent time outdoors As you read this book you ll realize that your only regret will be not having been there with Cuz as these stories were unfolding
