By E. Douglas Branch : The Hunting of the Buffalo leman made rifles of all types and varieties some cheap for frontier use and some expensive for the gentry one would almost think that there was a pile of parts in hunting with traditionally styled muzzleloaders has declined rapidly while the switch to modern in line muzzleloaders has grown at

the same rate here is a look at The Hunting of the Buffalo:

2 of 2 review helpful A Gem of a Work By 5 0 Branch published The Hunting of the Buffalo in 1929 He had the benefit of having his topic still within many living memories yet a vantage from an era largely removed from the politics and economics of the days of the Buffalo Branch was more a chronicler than a dry data historian and for that the reader should be thankful He was also a gifted writer and easily capab The Hunting of the Buffalo originally published in 1929 tells all about the marvelous and useful animal that once roamed the American plains Its gradual extermination is chronicled by E Douglas Branch who drew on rich materials including Indian legends old letters and diaries and tales of frontier travelers No one has ever written more memorably about the great herds their habits and haunts their importance to the Indians their discovery by awed w The best and most complete account of the whole melancholy business that has been written A careful piece of work well documented and temperately presented mdash London Times Literary Supplement
