By Jinichi Tokeshi MD : Kendo: Elements, Rules, and Philosophy (Latitude 20 Books) japan is considered to be one of the most seismically active areas in the world; about 20 of all magnitude of six or higher earthquakes in the world take place in search metadata search full text of books search tv captions search archived web sites advanced search Kendo: Elements, Rules, and Philosophy (Latitude 20 Books):

2 of 2 review helpful Helpful but not as useful for beginners By BPM This book is comprehensive in that it touches on every aspect of Kendo but some chapters consist of only a paragraph I m still fairly new to Kendo so I was looking for more detail in the fundamentals The book feels a bit scant in this regard but appears to have more helpful information on maintaining equipment and developing technique 1 of 1 revi All students of kendo the formal art and practice of Japanese swordsmanship will welcome this manual by an advanced practitioner with a deep understanding of the martial art The work begins with a history of kendo in Japan followed by a study of basic equipment and its proper care and use and a detailed description of forms and rules essential aspects of any martial art Beginners will find this section particularly helpful because of the close attention paid to An excellent reference source and introduction to Japanese swordsmanship Choice I would recommend this handsomely compiled introductory book of Kendo to any readers who are interested in Kendo practice Japanese swordsmanship and martial
