This is a history of the early days of Alaska's big game hunting as well as the beginning of bush plane use. Jack Wilson began guiding and flying bush planes in the Territorial days when the great game herds were still being assessed. Then he guided through the heyday and eventual downturn of the trophy sheep hunting in the Wrangell Mountains all the while operating his air charter business and becoming one of Alaska's premier bush pilots. These stories including that This book can be considered a history of the early years of guiding using Super Cubs for transportation.
