2 of 2 review helpful Sit right down and let me tell you a story By T J Runkles This compilation of stories and essays reminded me of a father and son regaling their family with their exploits out in the wilderness It certainly evoked a certain nostalgia as I read a story or essay at a time over a couple weeks It made me want to be selected by Grey Ghost Spending countless hours in the woods was all an integral part of growing up in rural Maine Bound within these covers are the true life accounts of two generations a father and his son Each of them take turns weaving their stories of family traditions learning to hunt and the search for Grey Ghost The adventures move from E Bethel to the Albany hunting camp with many stops in between You will laugh You will cry You will escape to a world only a few are priviled
