By A.R. Harding : Deadfalls and Snares the subarctic people occupied a majority of canada from the yukon to newfoundland including parts of seven provinces and two territories the west virginia trappers association is an organization that promotes the use of our renewable fur resources through the use of education and information

Deadfalls and Snares:

0 of 0 review helpful Book Review By Ruxundra This book is short but loaded with information If you are looking for books to give old school trapping skills this is for you I would give it five stars had the section on snares had been more informative and more practical for today s hunting I say this because the freedom for large scale hunting lands is harder to come by with today s people population and few land owner Deadfalls and Snares is a classic animal trapping text by A R Harding Scattered from the Arctic Ocean to the Gulf of Mexico and from the Atlantic to the Pacific Ocean are thousands of trappers who use deadfalls snares and other home made traps but within this vast territory there are many thousand who know little or nothing of them The best and most successful trappers are those of extended experience Building deadfalls and constructing snares as told on the foll
