By David Hancock : Sporting Terriers: Their Form, Their Function and Their Future these dogs specialize in pursuing prey keeping it in sight and overpowering it by their great speed and agility they must be able to detect motion quickly so they a glossary of terminology used by the american kennel club Sporting Terriers: Their Form, Their Function and Their Future:

2 of 2 review helpful Good For A Coffee Table Book By Voltman This book is a great source for pictures paintings and drawings of terriers particularly as they appeared a hundred years ago or more It is written by a show judge and focuses on discussions about conformation I did like it when the author called out some Victorian age writers for not doing actual research and just copying from someone else That being sa This book is about sporting terriers that much

loved quintessentially British quite admirable group of dogs favored for centuries by the more humble type of hunter Sporting Terriers is not a manual covering training grooming nutrition and dog care it is a celebration of terriers contribution to the sporting scene an examination of their form their function and their future in an increasingly urban society Painstakingly researched and brimming w About the Author David Hancock is the author of eight previous books on dogs and nbsp more than nbsp 750 articles published in national and international magazines In 2009 he won the annual award of the Dog Writers Association of America h
