40 of 41 review helpful Too sophisticated for words By E M Van Court There are lots of ways to look at this book so I'll take them one at a time As a fencing instructional text obscure Academy of the Sword is so detailed complete and complex that it is very difficult to follow as a fencing instructional text Thibault's system includes considering the

blade of the sword as being divided into 12 parts. Four centuries ago the famed swordsman Gerard Thibault d'Anvers wrote one of the forgotten classics of the Western esoteric tradition a comprehensive manual of swordsmanship as a Western martial art based on Renaissance sacred geometry. Rescued from oblivion and translated into readable English by widely respected modern occultist John Michael Greer. The Academy of the Sword is an astonishingly detailed instructional guide on the way of the sword. About the Author: Gérard Thibault d'Anvers (ca 1574 – 1627) was a Dutch fencing master and author of the 1628 rapier manual *Academie de l'épée* (The Academy of the Sword). John Michael Greer is the author.
