The woods are alive with possibilities Retreat into nature meet mushroom pickers collectors and explorers Build cabins and scenic trails create crafts or start inspired projects This is the way to the forest Step into the woods mdash refuge and escape and home Some go there to hike or fish The people and projects presented in this book do so much more Join them as they gather honey from wild hives and pick mushrooms from beneath secretive oaks Build a cabin

Wildside is in short a beautiful book From the careful curation of the pictures to the layout of text to the placement of quotes to the use of negative space this is a book you will likely flip through in its entirety simply because every page is p
